Baca, Evans to receive degrees

HONORED SPEAKER—Former Colorado State Senator Polly Baca will address Sunday's Commencement ceremony and receive an honorary degree.

Both major political parties will be prominently represented at Wartburg College's 137th Commencement Sunday, May 21.

Former Iowa Congressman Cooper Evans, who is now the Special Assistant to the President for Agricultural Trade and Food Assistance and former Colorado State Senator Polly B. Baca, who recently completed an eight-year stint as vice chair of the Democratic National Committee, will each receive an honorary Doctor of Laws degree during the ceremony.

Baca also will be the speaker at the 1:30 p.m. exercises, which will be on the campus mall, weather permitting. If not, it will be in Knights Gymnasium.

Some 262 degrees will be awarded to graduates, including one Bachelor of Applied Science degree, 13 Bachelor of Music Education degrees and 248 Bachelor of Arts degrees.

The Rev. John Keller of Park Ridge, IL, vice chair of the college's Board of Regents, will be the speaker at a 10 a.m. Baccalaureate worship service in Neumann Auditorium. The chair of the Clinical Council of Parkside Medical Services, Inc., he received the 1988 Nelson J. Bradley Outstanding Service Award, the highest honor of the National Association of Addiction Treatment Providers. He is a 1945 Wartburg alumnus.

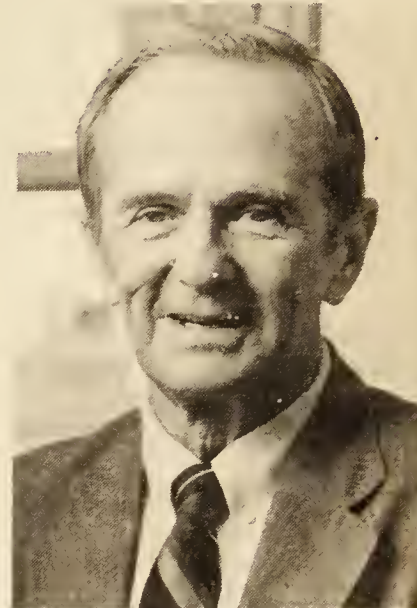

Baca is president of Sierra Baca Systems, a consulting firm in Thornton, CO, specializing in program development, leadership training, issue analysis and motivational presentations. Her primary contracts are with the Education Commission of the States, which is directed by Dr. Chris Pipho, a 1956 Wartburg alumnus, and the W.K. Kellogg Foundation.

She was a member of the Colorado State Legislature for 12 years and was the first woman chair of the House Democratic caucus. In 1985, she was elected chair of the Colorado Senate Democratic Caucus. She was the first and only woman to be elected to the Colorado Senate and the only Hispanic woman to serve in a leadership capacity in any State Senate in the United States.

She held a number of national positions with the Democratic party and is on the executive committee of both the Colorado Democratic party and the Adams County Democratic party.

She has had extensive experience in foreign affairs, leading delegations and attending conferences in Bulgaria, the USSR, Honduras, El Salvador, Nicaragua, Belgium, Germany and the Middle East.

Evans, who also is managing partner of a 1,000-acre farm in Grundy County, is a member of the White House staff and

HONORED—Former Iowa Congressman Cooper Evans will receive an honorary Doctor of Laws degree at Sunday's commencement ceremonies.

THE NEW PRESIDENT—Provost Ed Welch will become President of the University of Charleston this summer.

Welch to leave Waverly, Wartburg for Charleston

Sometime this summer Provost Ed Welch will leave his Luther Hall office for the last time and travel to West Virginia, where he will become the President of the University of Charleston.

Welch, who will assume his duties at Charleston before the 1989-90 school year, came to Wartburg in 1981 to serve as Vice President for Academic Affairs and Dean of the Faculty. His title was changed to Provost in 1986 when the college reorganized its administrative structure.

According to Welch, the University of Charleston is a private, independent school which has approximately 1600 students. The university is located in the capital city of West Virginia. "They have a greater variety of programs including a nursing school and several masters' degree programs," he said.

Welch said he has mixed feelings about leaving Wartburg. "I'm certainly going to miss the Wartburg environment but at the same time I'm eager to begin this new task," he said. "I'm going to leave with a sense of gratitude and appreciation for the opportunity to be here

and to have the relationships with people that I've had. They're good folks here."

The two things Welch said he will miss most about Wartburg are its spirit and its students.

"There is a distinctive Wartburg spirit that infuses life today just as it has for decades," he explained. "You can see it at the Luther basketball games when everyone stands up and yells 'We are Wartburg!' You can see it at the final home concert of the choir. You can also feel it in the 'hellos' between strangers that you hear all over the campus."

Welch has similar fond memories of Wartburg students. "I've enjoyed watching how students come to Wartburg, find themselves and develop into people who take part in the world around them," he said.

Welch noted that the challenge Wartburg must face in the future is finding ways to improve upon the attributes of the college. "It's easy for people to forget how fortunate they are to be in this community. However, there are still goals to be identified, enhancements to be made and growth to be done," he said.

New faculty, staff members named

The addition of five new faculty members will highlight a series of personnel changes at Wartburg for the 1989-90 school year.

According to Provost Ed Welch the new faculty members include: Dr. Dagem Dejene, assistant professor of political science and assistant soccer coach; Brian Albert, instructor of physical education and assistant football coach; Steven Johnson, instructor of physical education and head track coach; Dr. Fredric Waldstein, associate professor of political science and director of the Institute of Leadership Education and Barry Mickey, associate professor of social work.

Welch said that two new administrators will also join the college staff next year. They are Cynthia Jacobson, who will serve as director of residential life and Dr. Edith Waldstein, who will serve as registrar. Dr. Ann

Henninger, the current registrar, will become a full time member of the Biology Department with the title of associate professor.

Two current faculty members who held one year positions this year have been named to tenure track positions for the coming school year according to Welch. They are Dr. Mark Schmidt, assistant professor of chemistry, and Dr. Shaheen Munir, assistant professor of psychology.

Welch said that the college has reopened the search for a new faculty member in the Business Administration Department. Dr. Geoffrey Zoekler was appointed to the position earlier this year but he has indicated to the college that he is no longer interested in the position Welch explained.

GRADUATION WEEKEND SCHEDULE

Saturday, May 20
Band and Choir Concert, Neumann
Auditorium, 8 p.m.

Sunday, May 21
Baccalaureate, Neumann
Auditorium, 10 a.m.
Commencement, Campus Mall,
1:30 p.m.

editorial—

New Editor Stakes Out Reporting Policy

In the time since I became editor of this paper several people have approached me and asked me to write what they called "kick ass" editorials. Evidently they want me to turn this column into a kind of journalistic baseball bat with which I can bash away at all the inadequacies of Wartburg College.

I agree with these folks to a certain extent. A newspaper which fails to examine or take a stance on vital issues of the day is not only failing its readers, it's failing its purpose as a newspaper. Journalists have a kind of inherent responsibility to serve as a watchdog for society. Part of a newspaper's job is to point out the failings of various community institutions so that they can be corrected.

However, it is possible to go too far with this approach. The current sensationalistic endeavors of Geraldo Rivera and the outrageous stories published by the National Enquirer are classic examples of reporting gone bad. This kind of stuff isn't journalism, it's trash.

Fortunately, there is a middle ground. This middle ground provides readers with honest reporting, even of bad news and failures, without hysterics and name calling. This is the path the Trumpet will follow in the next year.

This Trumpet editor and his staff are dedicated to providing you, the Trumpet reader, with honest coverage of campus events and concerns. We will not engage in mindless namecalling but we will not fear to call your attention to the occasional failings of campus programs and leaders.

The Final Frontier...

A Pearson Space Odyssey

"Hello, Houston. Houston. Come in, Houston. This is Bernie at Cape Canaveral."

"This is Melvin at Houston, Cape Canaveral. What have you got?"

"We've been tracking our space probe Magellan on its trip to Venus and it's been sending back some interesting data about Earth. I lost my pen and pad of paper so I thought you could write it down for me."

"Your space center records data in a notebook?"

"It's college ruled and perforated."

"Oh. O.K., shoot."

"Well, we've always thought that the Great Wall of China was the only man-made object visible from space. We couldn't see that, but there was another interesting development."

"What was that?"

"We could faintly pick out Karl Maulden's nose."

"This is valuable information."

"Magellan also managed to point its high-powered boom microphone on Panama City last week and recorded some of President Manuel Noriega's conversations just prior to the national election."

"Can you put it on audio?"

"No problem. Here it comes."

"...and this is your new election aide, President Noriega."

"What are your qualifications, boy?"

"Well, I'm hard-working, loyal, thrifty, and..."

"Never mind that! How are you at maiming? Can you beat up people?"

"In a pinch. And I'm also fairly good at miscounting ballots."

"You're hired."

"Houston. Houston. You still there, Houston?"

"I'm here, Cape. Sorry about that. Dan Quayle showed up on another of his visits and started playing around with the computers. He may have erased some things."

"Is he still there?"

"No. We told him there was a phone call for him across the street and he left."

"Anyway, there was great excitement here when Magellan sent back some pictures of Mt. Ararat and we thought we had at last discovered the fabled Noah's Ark."

"What happened?"

"When we enlarged the pictures, we found a little tag on the stern that read, 'Made in Taiwan.'"

"Bummer."

"We did, however, discover something else. Have you ever met anyone from Idaho?"

"No. I don't think anyone has."

What in the World...

by Tim Pearson

"Exactly. The only things I've ever seen coming out of Idaho are potatoes. So we set Magellan to work, and guess what? It's not even there!"

"The potatoes?"

"No, Idaho! Someone's been feeding us a line all along."

"Anything else?"

"Well, it's about time to sign off and I probably won't be speaking to you again for a few months, so maybe I should leave you with some words of wisdom."

"I'm ready."

"Never accept a plate of potato skins from a leper."

"Thanks. Over and out."

Editor's note:

The Rev. Larry Trachte has decided to discontinue his regular column because of other conflicting obligations. We are pleased to present Dave Kurtz as our new weekly columnist.

Trumpet invites input

The Wartburg Trumpet gratefully accepts any and all letters to the editor. In order to remain "the voice of the Knights," it is Trumpet policy to print all submitted opinions. It is requested that all letters be submitted no later than the Thursday before the next Monday publication date. As a publication, however, the editor reserves the right to edit in accordance with styles and length.

Founded in 1906 as the Wartburg Quarterly.

How to write a column

The following article is a step by step process of how a Wartburg Trumpet column (such as this one) ever comes about. There may be a quiz about it in some of the classes later this week.

STEP 1.) First version of the column is sent in to the editor:

Well, gosh, it's almost time for the school year to end! And some of our good friends will be graduating. Others will not. What does this all mean?

It's a question we must all ask ourselves this May Term. What does it mean for me to graduate, if that's what I am doing? Or, if I'm not, what does it mean for me to stay in school? Does it simply mean starting a career (for graduates) or simply increasing an already

Kurtz Korner

by Dave Kurtz

astronomical debt (for returning students)?

Some might say that there's more to it than that. I don't.

STEP 2.) Editor takes out the few things that aren't good and sends what's left back to the writer for minor revisions:

May Term
I don't.

STEP 3.) Writer incorporates some new ideas into the "good bits" from previous try, sending that back to the editor:

Wow, May Term is finally here. Some people might

wonder at how the year could have passed so quickly that it's already May Term. I don't. Which has a strange story behind it.

Well, it's not really behind it at all, it's more to the forefront actually, or a little to the side.

But enough with the bad puns! It's May Term, let's have some fun, but hey! let's keep sober, huh?

STEP 4.) Editor goes over revised column, hacking and slashing it with no discretion! Taking good, comical material and throwing it to the wind, exercising his dictatorial powers without thought or knowledge of what he's doi...er, I mean, the editor suggests further changes, adding a few words of personal encouragement to the writer before sending it back:

May Term
I don't.
bad puns
the forefront
fun

---Dave, it's getting better, really, but it's got to be longer, funnier, and it should make sense. Keep up the good work and remember, if you don't have it in by the deadline, you'll fry in the electric chair. Bill.

STEP 5.) Writer tries one more time, relaxed and encouraged by this personal note from his editor:

Bad puns seem to be at the forefront of my May Term experience. I don't really have much fun with them. For example: Yes, I may term this as a bad c

o
l
u
m
n. And u is the

problem. Whatever.

STEP 6.) The deadline has passed, the writer fries but gets the last laugh because the editor has too much space left in the paper and is forced to run the bad column that, yes, still needs quite a bit of revision.

THE END... and aren't u glad?

Baca, Evans to receive degrees

Continued from pg. 1

works closely with the Secretary of Agriculture on agricultural policy development and serves as an advocate for farmers, ranchers and all of rural America.

During the 1988 presidential campaign, he was a member of the Republican Platform Committee and took a leadership role in drafting the agricultural plank. He also chaired Vice President Bush's national agricultural policy advisory group and in 1987 was asked by the Vice President to accompany him as spokesman on agricultural matters when the Vice President met with General Secretary Gorbachev in Washington, D.C.

He served in the U.S. House of Representatives from 1980 through 1986, where he served on the Committee on Agriculture.

He previously had been elected to three terms in the Iowa House of Representatives, beginning in 1974, where he was chair of the Energy Committee and vice chair of the Appropriations Committee.

He currently serves on Wartburg's Advisory Committee for its Leadership Emphasis with students.

Diers to be honored by Nebraska college

Dr. Herman Diers, professor of religion at Wartburg College, will receive an honorary Doctor of Humane Letters degree from Dana College, Blair, NE, at its Commencement exercises Sunday, May 21. He also will be the Baccalaureate and Commencement speaker.

Diers, who has been at Wartburg since 1959, is being cited for his "forceful, yet sensitive, classroom style, his openness to the ideas of others and his deep intellect."

He co-directed Wartburg's Chrysalis program from 1972 to 1980 and became a key faculty leader in developing an interdisciplinary approach to general education at the college, which is called "The Wartburg Plan."

His activities reflect his interests and concerns. At Wartburg, he is faculty adviser for the college's World Hunger Awareness Program. He is a member of the National Lutheran Task Force for Peace and Justice and

has served on the former American Lutheran Church's National Colloquium for Christian Faith and the Liberal Arts. He was national chair for the ALC's "Free Namibia" program and a delegate to the Lutheran World Federation's Consultation on Peace Movements in Geneva, Switzerland.

His travel and study also reflects those interests and concerns. He has studied Ghandian life and work in India, traditional cultures, development and liberation in Africa, Mexico and Central America and Renaissance culture in Italy.

He is a 1949 Wartburg Graduate and has his M.Div. degree from Wartburg Seminary in Dubuque, his M.A. degree from Northwestern University and his Ph.D. degree from the Graduate Theological Union at Berkeley, CA.

AMA picks leaders for next year

The American Marketing Association elected new officers to its board of Directors for next year.

The new officers are as follows: sophomore Jim Wessels as President and Finance Director, freshman Kristi

Gimmel as Executive Vice President and Communications Director, freshman Tricia Darby as Vice President of Membership and Promotions, freshman Joy Heitland as Vice President of

Programs, sophomore Todd Carlson as Vice President of Careers and Planning and sophomore Pat King as AMA Ambassador to Senate. AMA is open to students of all majors.

Scholarship established for African students

An annually funded scholarship for a student from Africa has been established at Wartburg College by a former Dean of Women and her husband, who teaches chemistry at the college. It is the Barbara B. and Warren T. Zemke African Student Scholarship.

The Zemkes established the scholarship to reward an African student who performs meritoriously in the classroom. It is restricted to a member of the Christian faith. A junior or senior student who has been in residence at the college at least a year is preferred.

The scholarship is to be awarded on the basis of merit and financial need as determined by the foreign student administrator and director of financial aid.

Barbara Zemke, who was Dean of Women at the college from 1964-68, said that Wartburg is a "global community of students" and that "African students are

members of our family."

She said African students attending Wartburg are looking for "a better Africa for themselves."

"May this scholarship enable its recipients to continue a quality education in the global community of Wartburg College," she said. "May it enable the recipient to open doors to life's opportunities, so hopes, dreams and goals for a better quality of life may be reached."

The Zemkes plan for the scholarship to become an endowed award.

This is the second Zemke scholarship funded at Wartburg College. The first is the E. E. Zemke Memorial Chemistry Scholarship established in memory of Dr. Warren Zemke's father. Dr. Zemke has been on the chemistry faculty at Wartburg since 1966.

letter

'Golden Boys' still at bat

In response to Ken Guyette's letter to the editor in the paper's last issue, perhaps the umpire needs some new eye glasses. Or, how about a seeing eye dog? Basically Ken states that the Student Body President and Vice-President, known to most as Brad and Wade, have struck out.

It seems kind of funny that anyone is throwing pitches at them already, since our constitution makes it clear that these officers will not assume power until May Term. Maybe Ken just made the simple mistake of assuming they took office as soon as the first pitch of baseball was thrown.

An issue which was mentioned by Ken dealt with some misunderstanding of who exactly belongs to the majority and minorities. This first concern was most likely caused merely by some miswording, which the "Golden Boys" would be more than happy to clear up and have indeed done so.

Secondly, a question was raised on how effective the "Golden Boys" would be in dealing with proposed changes in alcohol policy. They surely will do their best to maintain a fair policy, but with over half the campus being underage this is difficult. Not until Harry Caray becomes Wartburg's president will beer flow freely from our water fountains.

Addressing the last strike, which somehow relates to their promise of continuing the push for a swimming pool, there doesn't seem to be anything wrong in reminding people that the students still wouldn't mind having a pool.

Even if someone would want to say they have three strikes, that is only one out. Though some may not have approved of their election to office, let's give them a chance.

Mark Guillatt
sophomore

SUMMER EMPLOYMENT

In the next few years, the number of jobs requiring a college education will greatly exceed the number of college graduates available to fill them. Employers are racing against time and each other to begin attracting future college graduates to their organizations.

Don't waste your summer working low-paying menial labor type jobs. MIDWEST SUMMER CO-OP represents thousands of Iowa corporations and organizations that want to hire college students to work full-time during the summer in career related positions. Work in your field of interest and gain valuable experience while earning a respectable income this summer. To be eligible you must have completed a minimum of one year (24 credit hours) in college and have attained at least a "C" (2.0 on a 4.0 scale) grade point average.

To get your summer position, simply match your career interests to the needs of an employer listed in our SUMMER CO-OP DIRECTORY. The directory lists thousands of summer positions available throughout Iowa. Job descriptions are organized into 53 general categories: Accounting, Advertising, Design, Engineering (civil, electrical, mechanical), Education, Fashion Merchandising, Finance, Graphic Arts, Law, Marketing, Nursing, etc. Whatever your interest, there are a number of positions to choose from. Work with and learn from some of the top professionals in Iowa. The directory comes complete with application materials and a toll-free number to call for assistance in arranging interviews.

OUR GUARANTEE

For every summer position we fill with an eligible college student, MIDWEST SUMMER CO-OP receives a fee from the employer for our services. Services to the employer include: listing in our directory, pre-screening applicants and arranging interviews. Our services are at no cost to the college student. However, we cannot afford to waste our time and resources on those who are not serious about finding quality summer employment. The costs of producing and sending the directories alone (they are the size of a telephone book) are very high. This is why we must request \$5 to help cover the costs of each directory and set of application materials we send out. If you are unable to find a summer position suitable to your needs and interests, you can return them for a full refund. If you do accept a position, under a listing agreement with MIDWEST SUMMER CO-OP, the employer will refund the \$5 on your first paycheck.

This is an excellent opportunity to "taste" your career interests in the real world before completing a degree. Take advantage of the shrinking pool of educated workers. Earn while you learn this summer. Flexible jobs to fit your vacation schedule. All jobs provide great pay and benefits. (Companies are allowed sizeable tax credits for hiring college students over the summer.) So, what will it be? Fast food five or Fortune 500? The choice is yours.

Don't procrastinate, this can be a very important and valuable summer for you. Please direct all inquiries to our processing center in Illinois. Send your name, current school address, home address, and \$5 (refundable) to:

MIDWEST SUMMER CO-OP
Iowa Applications Dept.
Oak Brook Center, Box 954
Oak Brook, IL 60522-954

Make check or money order payable to MIDWEST SUMMER CO-OP.

Directory and application materials will be sent out to you by express mail the same day we receive your request. Please, no phone calls until after you have looked through the directory and know which positions you are interested in. A directory listing thousands of summer positions in Illinois is also available. Send requests to the Illinois Applications Dept. at the same address above.

MIDWEST SUMMER CO-OP is a supporter of the Iowa Hire the Future Summer Job Program.

Joy, anxiety follow choir to Carnegie Hall

Sweat forms easily on the brows of bass Rich Buchholz, tenor Jeff Heiderscheit and bass Jim Becker when they recount their Carnegie Hall nightmares.

In one corner of the bad dream, Buchholz, a senior, is ripping his pants during a high note while the New York crowd roars hysterically. Off to the side is junior Heiderscheit, who belts out a forte entrance only to discover that the entire choir has a rest and he hangs his head in shame. In the back Becker, another senior, is becoming faint because of the hot, glaring stage lights and plunges over the edge of the risers.

The scene works well in a Charlie Chaplin film, but when the Wartburg Choir makes its debut concert in Carnegie Hall on May 26, only the most sadistic New York City music critic would hope that such theatrics would actually take place.

"There will be a mixture of absolute

terror and incredible exhilaration when they take the stage," said Paul Torkelson, director of the Wartburg Choir. "If they can keep that rush of adrenaline from tearing them apart, they're going to have an amazing experience."

Fame is not for the faint of heart. According to the best records available, the Wartburg Choir will be the first collegiate choral group in history to perform a featured solo concert in this music shrine whose name is known around the globe.

"Carnegie Hall is probably the most prestigious place to sing in the world," Torkelson said. "There seems to be an aura about making a debut concert there. It's perhaps the one hall in all the world that even the common person is aware of."

"It's going to be complete awe," said senior Sheri Haack, a soprano. "When we walk out there we'll be speechless, at least until we have to sing."

But is this whole event being blown up to Big Apple size? Is it really any more significant than a Sunday afternoon hymn sing in Shell Rock? Well, um, ahem, yes, according to Torkelson.

"This is equivalent to a major college basketball team going to the Final Four," he said. "Honestly, it's probably equivalent to winning it. There is unbelievable pressure and the awards are incredible."

"I never thought I would get this kind of opportunity," said senior soprano Janet Rzepiejewski. "After it's all over there will be a lot of tears. It'll become a permanent bond between everyone."

There have been, however, no screaming headlines in the Waterloo Courier about the Carnegie Hall performance. There haven't been any nibbles from the Des Moines Register for a feature story promoting what, according to Torkelson, is "one of the top

ensembles in the nation. The name Wartburg Choir is known across the country."

Why the anonymity? For one thing, murders and cancer-causing pesticides are more appealing.

"Musical events do not sell papers," Torkelson admitted.

But WHO radio in Des Moines does plan a live interview from New York before the concert. And to add icing to the Carnegie cake, Mayor Ed Koch has declared Friday, May 26, 1989, Wartburg Choir Day in New York City.

"One of the goals of this college is to enhance its reputation regionally and nationally," Torkelson said. "Our performance in Carnegie Hall will do that."

If Buchholz can keep his pants on, Heiderscheit can be kept quiet and Becker can keep from fainting.

IMPACT funds Wartburg

Wartburg College has received \$13,921 in matching funds from Lutheran Brotherhood's IMPACT (Inviting Member Participation in Aiding Lutheran Colleges and Theological Seminaries) program.

Those funds cover 191 gifts of Lutheran Brotherhood members made to Wartburg during the first quarter this year.

The IMPACT program matches, on a percentage basis, Lutheran Brotherhood members' gifts of \$25 to \$100 per year to Lutheran institutions of higher education nationwide.

Since the beginning of the program in 1979, Wartburg has received \$326,451 in matching funds from Lutheran Brotherhood. During that same period, Lutheran institutions as a whole have benefited by more than \$12.3 million.

CONGRATULATIONS—Coach Bob Starr presents freshman Mark Bradley with his MVP awards in men's tennis during the All-Sports banquet last Thursday. Deb Barber photo.

Work study wages to rise

by Sherylea Downes

Changes in student employment for next year have been approved by the college administration, giving work study a boost and providing new options, according to Liz Wuertz, assistant director of financial aid and director of campus employment.

According to Wuertz, these options include an increase in the hourly wage rate. Students holding a first year position will be paid \$3.85 an hour, those working in the same position for more than one year will be paid \$3.95 an hour.

Student supervisors will earn \$4.20 an hour. Student supervisors are named by the supervisor in charge of the department.

Additionally, students will be permitted to cash their paychecks in the Controller's office or apply them to their accounts.

Wuertz said an advisory committee will be established on campus which will include two selected work study students. The purpose of the committee is to address concerns of supervisors and students as well as procedures related to campus employment.

New and returning students will also see a change on their financial aid award. The work amount next year will be broken down per term instead of listed under Fall Term.

According to Wuertz, the changes are incentives that will enhance the employment program on campus and provide students and supervisors with a worthwhile and meaningful work experience.

IIAC proves tough for Vaughans' team

By Bob Howie

Earlier in the year softball Coach Janet Vaughan said the IIAC was the toughest conference in the country. Vaughan was not speaking out of line when she said that.

The softball season is over and the Knights finished in fifth place with a 8-8 conference record and 18-18 overall. The four teams that finished in front of the Knights have all advanced on to post-season play. Simpson won the crown out right with a 11-3 record. Central finished second followed by Luther and Buena Vista.

The Knights were once again led by its pitching staff of senior Janette Jurgensen and sophomore Shon Cook. Jurgensen led the team with a 6-3 record and 1.21 ERA, while Cook finished with a 2-5 record and a 0.97 ERA. Together they combined to have a team ERA of a measly 1.08. But the conference was just so strong that that was good enough for only the fifth best team ERA. Simpson led the conference with a team ERA of 0.60.

If the Knights had a weakness it was definitely their hitting. The Knights rated towards the bottom of the

conference in team batting, having a sparse average of .188.

"Very disappointing," said sophomore Kathy Aspeitia in summing up the season. "The cards just did not fall our way, we have a very talented team but we just did not get the breaks and we did not get our bats going to support our pitching."

If the Knights had a highlight it would have to be the split with seventh rated Luther which kept the Lady Norse from sharing the conference title.

"It is always sweet to beat Luther," said Aspeitia. "But it is even sweeter when we can keep them from winning the title."

"We could have won a lot more games but I just don't know what happened," said sophomore Melea Jensen. "We lost too many one run games and it seemed as if we were always playing catch up ball."

The Knights only batter to make any of the conference stats was sophomore Laura Olson who was tied for the lead with three triples.

Jurgensen was honored at the All-Sports Banquet by being chosen MVP by her teammates.

Reinhardt MVP, leads golfers

by Brad Trow

Sophomore Todd Reinhardt led the Wartburg College Men's Golf team to a third place finish in the Iowa Conference Golf Tournament on May 5th and 6th by being the conference medalist. Reinhardt, from Waverly, paced the Iowa Conference by scoring 152 for the two days of competition. Reinhardt was voted Iowa Conference Golfer of the Year by the conference coaches for his performance at the conference meet and the season as a whole. Joining Reinhardt for All-Conference honors was Audubon sophomore Mark Olenius, who shot 162 and finished ninth. Completing the Knights team was senior Kurt Hempen and freshman Matt Matthias who both shot 173, and senior Dave Wood, who scored 182. The Knights finished behind Central and Buena Vista in the team race.

In Women's golf, Jennifer Sterk, a sophomore from West Liberty, played in the National Golf Coaches Association's Division III tournament in Fayetteville, North Carolina, May 8 thru 10. At press time, Sterk's placing was not known. Iowa Conference rival Central finished second in the team competition. Luther and Loras also played in the team competition, and an individual from Simpson took part in the tournament action. Sterk scored 90-89-90 for her three days of play. Sterk said, "The course was more difficult than any course we played on during last season." She added, "It was a great experience to compete against many of the best women's golfers in America, and it motivates me to improve over the next two years so I can return to Nationals."

Netters finish second, best ever

by Brad Trow

The Wartburg Knights Men's Tennis team had its best finish ever in Iowa Conference competition as it placed second at this year's Iowa Conference tournament on May 5 and 6. The Knights scored 68 points, which was their highest score ever in the Iowa Conference tourney. Luther was the conference champion with 90 points. Wartburg came away with seven second place finishes and two third placings in the tournament, held under less than ideal conditions in Waterloo.

Freshman Mark Bradley, playing the number 2 singles, was a runner up, along with classmate Corey Halverson at number 3 singles, sophomore Dave Bergman in number 4 singles, and junior Jon Stadtmueller at number 5 singles.

Freshmen Brian Jarchow and Dennis Niedermeier, in number 1 and number 6 singles respectively, finished third. In doubles action, Wartburg's number one duo of Jarchow and Bradley were runners up, as were the number two tandem of Halverson and Niedermeier and the number three team of Bergman and Stadtmueller.

Jarchow, in commenting on the team's performance, said "We came out right where we were expected to finish." Along for the record for the conference meet, the team established a school's best for its dual record of 15-7. Jarchow looks for even better performances next year. "With Luther graduating two of their top four players, we hope to have a more legitimate shot next year at the conference title".

AND THE PITCH—Sophomore Brad Best releases a pitch against a William Penn batter. Photo by Kevin Bender.

Pederson, Mack lead Knights

By Bob Howie

Coach John Kurtt and his baseball team keep a stat that most teams do not keep. It is called the 'After Texas Record'.

This year the Knights went 0-10 during the Texas trip and finished with a 15-22 record. But take away the 10 losses and they would have had a winning record of 15-12.

The Knights finished fourth in the Iowa Conference with a 10-7 record which was a little disappointing to the team. "We lost several games, close games that we should not have lost," said senior Rich Williamson "Inconsistency was our main problem. We just could not put it all together all the time."

The Knights were swept in several crucial games. Simpson took a pair of one run games, while Luther took two slugfests from the Knights. Probably the most disappointing loss came at the hands of conference champs William Penn. The Knights held a 11-3 lead when

the Statesmen exploded and came back to win the game.

The leaders for the Knights were seniors Curtis Mack and Mike Pederson. Mack led the Knights pitching staff with a 3-1 record while belting a league leading six homeruns. Pederson led the league with 28 RBI's, and led the Knights with a .456 batting average.

Both were chosen to All-Conference teams. Pederson was first team first baseman while Mack was chosen second team pitcher. Mack and Pederson were also chosen as team Co-MVP's.

As a team the Knights batted .294 and the team ERA was a high 7.45.

"We were very disappointed with the fourth place finish," said Williamson. "You cannot blame our pitchers because when they pitched well, we did not score runs. Plus we had some costly fielding mistakes which hurt us in several other games. But overall we feel after Texas we were a winning team."

Knights squads fall short on track

Stoffregen only title Sophomores lead women

By Bob Howie

When a track squad scores 53 more points than the year before a better finish is expected. But that was not the case as the Knights scored 68.5 points at the IAC Outdoor Track and Field Championships and still finished in sixth place.

Leading the way for the Knights was senior co-captain Kori Stoffregen. Stoffregen won the 1,500m run in a time of 3:59.7 and finished third in a controversial 5,000m race in which the competitors ran a extra lap. Stoffregen was clocked in at 16:52.1.

Coach Bob O'Brian had mixed emotions about the team's showing. "We didn't have that winning edge that we needed to win," said O'Brian. "This years conference is so much deeper and more talented than a few years ago, I cannot really be all that disappointed."

O'Brian was pleased with several performances especially those turned in by senior Todd Nicholson and sophomore Eric Sacia. Nicholson placed fifth in the 100m, while Sacia placed fifth in the Triple Jump.

"It was good to see some unexpected surprises," said O'Brian. "The people we expected to place, placed. Some by now we have just been taken for granted, like Howie and Stoffregen."

Junior Bob Howie placed third in the 800m run with a time of 1:56.3 and anchored the 4x400 Meter Relay which placed sixth even though they ran a season's best time of 4:23.1. The relay also consisted of sophomore Mike Bachus and freshmen John Hintz and Tim Hanson.

Junior P.J. Holbach and John Hintz rounded out the list of All-Conference place winners for the Knights. Holbach placed third in the Shot Put with a toss of 14.73 meters, while Hintz placed third in the 110 High Hurdles with a time of 14.9 seconds.

SPLASH—Sophomore Kevin Kearny strains to escape the water in the 3,000m steeplechase. Photo by Kevin Bender.

Other Knights finishers include: sophomore Terry Allen, tie for fourth in High Jump; sophomore David Miller, sixth in High Jump; freshman Mike Schimdt, sixth in Javelin; sophomore Brad Thompson, fourth in the 3,000m steeplechase; freshman Duff Ridgeway, seventh in the 1,500m and freshman Todd Houge, sixth in the 10,000 meter run.

The men have not qualified anyone yet for the National Meet in Naperville IL, but there are three runners who will attempt one more time next week at Last Chance Meets in LaCrosse, WI and Naperville, IL. They are Kori Stoffregen in the 1,500m, Bob Howie in the 800m and John Hintz in the 110 High Hurdles.

By Bob Howie

Coach Bob O'Brian was counting on his sophomores to score big at the conference meet and they did. The trio of Kim Folkerts, Angie Heilman and Sue Chapman scored in 10 events for the Knights.

Folkerts placed fourth in the Long Jump, fifth in the 400m and fifth in the 200m, while Heilman placed third in the

100m and fifth in the 400m Hurdles and Chapman placed third in the High Jump, sixth in the 100 m High Hurdles and sixth in the 200 meter dash. All three were members of the 4x100 meter relay which placed second and 4x400 meter relay which placed fifth.

The Lady Tracksters scored 95.5 points enroute to their fourth place finish. Simpson dominated the meet, scoring a whopping 211 points. Central and Buena Vista edged the Knights out of second and third place scoring 116 and 106 points respectively.

"We knew we had to count on six or seven people," said O'Brian. "We just did not have the depth in the distances to compete with the other teams."

Joni Waters received All-Conference honors by placing second in the Shot Put, with a toss of 13.08 meters. Also receiving All-Conference honors were freshman Jane Dieke in the Discus, freshman Michelle Nieman, member of the 4x100 meter relay, and senior Lisa Ness in the 400m Hurdles and a member of the 4x400 meter relay.

During Friday and Saturday's Last Chance Meet in Waverly, Sue Chapman became the third person to qualify for Nationals from the women's team. Chapman qualified in the Heptathlon by scoring 4,100 points in seven events. University of LaCrosse, Wisconsin's, Margie Nelson won the event by scoring 4,328 points. Wartburg's Lisa Ness finished third and LaCrosse's Michelle Miller finished fourth. The National meet will be held at Naperville IL.

REACH—Senior Lisa Ness strains to hand off to sophomore Angie Heilman. Photo by Kevin Bender.

Records set at Drake

By Bob Howie

The foursome of senior Kori Stoffregen, junior Bob Howie and freshmen Kevin Kearny and Brian Middendorf accomplished two things never done before at the Drake Relays on April 28th.

First, they set a new school record in the 4x800 meter relay, with a time of 7:47.05 crushing the old mark set in 1981 by more than six seconds. Second, in doing so they placed sixth in the college

level becoming the first Wartburg team to ever place at the Drake Relays.

A week earlier the team placed seventh at the Kansas Relays with a time of 7:57.3. The Knights were going up against such powerhouses as Eastern Michigan, Kansas, Kansas State and the Air Force Academy.

"This was definitely the highlight of the year for me," said Coach Bob O'Brian. "Heck, this may have been the highlight of the three years for me."

IIAC OUTDOOR TRACK AND FIELD CHAMPIONSHIPS

- High Jump
4. Terry Allen 1.98m
